

PRESENTING THE GOSPEL — MAKING DISCIPLES

September 2021

Seventy Years Young

It was almost 70 years ago, on October 14, 1951, that Don Moffatt broadcast his first gospel radio program on CJON in St. John's, Newfoundland. This was the beginning of the FBH International ministry. A lot has changed technologically since that day, but we remain committed to sharing the unchangeable gospel of Jesus Christ with a world that desperately needs to hear it. Thankfully, we have been able to keep up with the current methods of media production and delivery, so we don't feel like an "old ministry", but rather an experienced one, that is equipped to communicate the Good News to this generation.

2021 Impact Report

Last year, our annual conference had to move to video format due to the Covid-19 pandemic. We had hoped that by now we would be able to host it live, however there are still many regulations in place that would hinder us from holding a proper event. Therefore, our 2021 conference, now called our Annual Impact Report, will once again be held by online video. The date for the report is **Saturday, October 23** and it will begin at **7:00pm (EST)**. You can view the impact report on our website www.fbhinternational.com. Our theme this year is "Pointing to Eternity," taken in part from Ecclesiastes 3:11. In the coming weeks we will be sending out information packages to our chapel contacts, as is it possible for local churches to gather and watch the impact report together. If you would like to make sure your chapel is on our list, please contact Deborah using the information at the end of this letter.

Being Heard in Latin America

Updated stats from Nathan Diaz show that our Spanish language program is being heard by more people than ever. The mobile app has been downloaded over 3,200 times, with over 21,000 individual program plays through the app. The weekly program averages over 1,000 downloads each week, for offline listening, and each episode is available on Spotify, which is nearing 3,000 listeners through that platform.

10 Years of Testimony

A decade ago, our partners with Arab World Media launched a campaign called “Arabian Dawn.” The program was a series of testimonies, recorded by real Arabic-speaking believers, who had put their faith in Jesus while living in the Middle East and North Africa. The first testimony that was aired was that of a man we call Matthew, who was from Saudi Arabia. Though Matthew came from a highly respected Muslim family, he believed all religions were false. Then, when a foreign worker finished their contract at Matthew’s company, they left him with a USB drive that contained the Bible in Arabic. Matthew read it, and shortly after became a follower of Christ. Matthew’s testimony video has been online for ten years now, and is still having a major impact. In August of 2021, eight people in Matthew’s home country of Saudi Arabia got in touch with our team after hearing his testimony, and two of them have since followed in his footsteps, placing their trust in Jesus for salvation.

Help Wanted

In order to keep up with production demands, we are looking to hire another member for the team at FBH International. The ideal candidate would have a passion for gospel outreach, and technical skills in the area of audio and video production. Please contact me at stephen@fbhinternational.com for details.

Thank you for taking the time to read this update and pray for the work of FBH.

Yours in Christ,

A handwritten signature in blue ink that reads "Stephen March". The signature is written in a cursive, flowing style.

Stephen March
President, FBH International
